

Dear Jimmy,

It was nice of you to call when you got back to Corvallis. I am glad you like the refrigerator. It really will be nice to be able to have cold drinks and snacks and ice cubes.

We are going up to the cabin Friday night and we invited John and Marie Donnelly to come up Saturday and stay all night. We will probably play bridge most of the time.

I did get slightly out of breath climbing back up from the gorge but not as bad as I expected. The temperature was 89° but it was

cool down there and
it is such a beautiful
place. That night Lynne
Cooper stayed for dinner
and Benson and Charlie. We
ate out side and Charlie put
up the crocheting set and he
and Harold and dad played a
couple of games. It was a
killy evening but they liked
it. I am going to Fredericks
Haven and send the wedding gift.
If it is too quiet around
there come on back.

Love,
Mom
